

PLANTERS

COMPANY PROFILE

Planters

Premium Landscape Design, Construction & Maintenance.

EST. 2017

AOTEAROA · NEW ZEALAND

PLANTERS.NET.NZ

A practice built on craft.

Planters is an Auckland-based landscape practice delivering premium landscape design, construction and maintenance across residential and commercial projects. We combine thoughtful design thinking with expert craftsmanship to create outdoor spaces that feel considered, refined and enduring.

Our work spans estate landscapes, contemporary poolsapes, civil infrastructure, public restoration and large-scale commercial developments. We work closely with architects, designers, developers, principal contractors and homeowners — translating drawings into places that age with grace.

We measure success in the way a landscape settles into its setting, how it is used, and whether it still feels right ten years from now.

LANDSCAPE RESTORATION · AUCKLAND

Why clients choose Planters.

01

Over Three Decades

30+ combined years building Auckland's finest landscapes.

02

Expert Team

In-house designers, builders and horticulturists.

03

Premium Workmanship

Materials and finishes specified to endure.

04

Clear Communication

A single point of contact, weekly clarity.

05

Full Project Management

End-to-end delivery, on time and on budget.

06

Attention To Detail

Every join, every plant, considered.

POOLSCAPE & OUTDOOR LIVING · GREY LYNN, AUCKLAND

A complete landscape practice.

End-to-end delivery — from initial design through construction and into long-term landscape care.

- | | | |
|----|----------------------------|--|
| 01 | Landscape Design | Beautiful outdoor spaces begin with thoughtful planning. Our in-house landscape architecture service transforms ideas into detailed, buildable designs that balance aesthetics, functionality and long-term performance. |
| 02 | Residential Landscaping | From intimate gardens to full property transformations, we create residential landscapes that reflect your lifestyle and enhance your home's value. |
| 03 | Commercial Landscaping | Large-scale landscape delivery for developers, schools, councils, retirement villages, commercial buildings and public spaces. |
| 04 | Infrastructure Landscaping | Experienced in civil planting, environmental restoration, road and railside planting, erosion control and infrastructure landscaping. |
| 05 | Landscape Maintenance | Protect your investment with ongoing maintenance tailored to your property. Pruning, garden care, plant health and seasonal maintenance, all taken care of. |

COMMERCIAL LANDSCAPE DELIVERY

From first conversation to enduring landscape.

01

Consultation

We listen first — to your site, your brief, and the way you'll live or work in the space.

02

Design

Considered design, costed transparently and refined together before any ground is broken.

03

Construction

An experienced site team executes the build with care, sequence and accountability.

04

Completion

A thorough walkthrough and handover — every detail signed off before we leave.

05

Ongoing Maintenance

Optional long-term care to keep the landscape growing the way it was designed.

FEATURED PROJECTS

A portfolio of places.

A selection of landscapes designed, built and cared for by Planters — from private estates and contemporary poolscales to transport infrastructure, ecological restoration and significant public places across Auckland.

For exceptional homes.

ESTATE DESIGN & BUILD · MURIWAI, AUCKLAND

Muriwai Estate

A complete estate landscape designed and built from the ground up — combining landforming, bespoke craftsmanship, mature planting and timeless materials into a landscape inspired by the Mediterranean and rooted in New Zealand's west coast.

The people behind the practice.

A small, senior team of landscapers, foremen and specialists — chosen for their craft, their judgement and how they show up on site.

Troy Cole
FOUNDING DIRECTOR

Founded Planters with a passion for creating exceptional outdoor spaces. Troy leads the company with a commitment to quality, craftsmanship and professionalism.

Dave Meyer
OPERATIONS MANAGER

More than 20 years of international landscaping experience across luxury resorts, hotel landscapes, golf course developments and large-scale commercial projects.

Jamie Cooper
SITE FOREMAN

Extensive experience in premium landscape construction, with specialist expertise in concrete works, team leadership and site operations.

Levi Shelling
SITE FOREMAN

Trained under some of New Zealand's leading hardscapers, Levi delivers premium landscape construction and high-end swimming pool projects.

Jake Black
LANDSCAPE TRADESMAN

A hardworking and dependable member of the team, with a sharp eye for detail and a willingness to get stuck in.

Finn Gowthorpe
LANDSCAPE TRADESMAN

A practical, hands-on approach across both hard and soft landscaping, with pride in quality workmanship.

Jardel Kruger
LANDSCAPE TRADESMAN

A strong work ethic and a considered approach — Jardel plays an important role in delivering the quality finishes Planters is known for.

Safety is how we work.

Planters delivers every project with a genuine, active commitment to safe project delivery. From site set-up through to final handover, our systems, briefings and daily practice keep our people, our clients and the public safe on site.

We hold current SiteWise Gold accreditation — an independent prequalification that recognises our health & safety management systems, training, documentation and site performance. It's how we demonstrate that the quality of our work extends to the way it is delivered.

TRUSTED BY

A decade of landscapes, measured quietly.

10+

YEARS IN BUSINESS
